LittleOnes Micro Doubles

Tiny but mighty downlights.

Feb. 22, 2023

Related To: [USAI Lighting](#)

USAI Lighting expands its LittleOnes collection of tiny but mighty recessed fixtures with LittleOnes Micro Doubles, two miniature downlights that double LittleOnes luminosity. Designed with 1.25-inch apertures and delivering up to 1,600 lumens, the Micro Doubles pack a punch while offering high-performance glare control and barely-there appearance.

Available in a variety of styles and combinations, including Double Downlights, Double Adjustables, Double Wall Wash or mix-and-match with Downlight and Wall Wash. Features smooth, flicker-free dimming down to 0.1% and a choice of square and round aperture shapes, as well as trimmed and trimless styles. Color options include Classic White and Dim-to-Warm+.
