The pancake-thin fixture provides all-in-one adjustability between downlight, adjustable and wall wash fixtures.

USAI Lighting's BeveLED Mini Basic Pancake has a 2.3-inch depth that lets it fit in a range of spaces. (USAI Lighting)

LED manufacturer USAI Lighting has just released the BeveLED Mini Basic Pancake, a thin, high-powered, all-in-one, adjustable, recessed light fixture.

The fixture's 2.3-inch depth lets it fit in a range of spaces.

The pancake-thin fixture provides all-in-one adjustability between downlight, adjustable and wall wash fixtures.
