Partnership Products Portfolio

LIGHTING + CEILING INTEGRATION

This is how
perfect works

A Partnership That Makes The Impossible, Possible

Ceiling and lighting integration is at its best when two premiere companies collaborate for perfection. Always looking for ways to raise the standard in product performance and design aesthetics, **USAI® Lighting** and **Armstrong® World Industries** offer architects, designers and contractors solutions to integrate recessed downlights with ceiling systems – seamlessly with repeatable precision every time.

Lighting designers and architects now have all of the important tools they need with complete solutions available across the **USAI® Lighting** and **Armstrong® World Industries** product lines, while also satisfying a visual aesthetic that has not been possible in the past. Explore the possibilities.

Designed For A Perfect Fit

USAI light fixtures are meticulously designed and engineered for a perfect fit for vertical and horizontal WoodWorks® ceiling panels.

Micro Multi-Cell with WoodWorks Grille-Forté

- ✓ New Enhanced Grille Design
- ✓ Notched Backers Reinforce Slat Alignment and Stability
- ✓ Comprehensive Range of Grille Styles Available
- ✓ Perfectly Aligned Installation
- ✓ Patented Snap-In Mounting System
- ✓ Clips onto Grid
- ✓ Dedicated Brackets Coordinate with Armstrong Ceilings for a Perfect Height
- ✓ Sliding Housing Mounting System—provides flexibility with fixture placement

Micro Multi-Cell, BeveLED 2.2 and BeveLED Mini

- + WoodWorks Linear Solid Wood Panels (Horizontal Planks)
- + WoodWorks Linear Tegular (Horizontal Slats)

- ✓ Perfectly Aligned Installation
- ✓ Patented Snap-In Mounting System
- ✓ Clips onto Grid
- ✓ Bracket Ruler Indicators – quick, easy + accurate on-site height adjustment

Easy 3-Step Installation

Easily integrate a WoodWorks Wood Panel ceiling installation with downlighting fixtures from USAI Lighting.

FEATURED BELOW: WoodWorks Linear Solid Wood Panels are compatible with BeveLED Mini® and BeveLED 2.2. The BeveLED Family for WoodWorks are uniquely designed to sit flush to the panel slats with patented and adjustable Snap-In Mounting System.

1 Cut 1-2 slats with the recommended equipment and measurements to fit BeveLED Mini or BeveLED 2.2 fixtures.

2 Clip fixture with Snap-In Mounting System directly on the grid - Seismically Rated.

3 Adjust brackets on Snap-In Mounting System to align BeveLED Mini or BeveLED 2.2 with slats.

= Fixtures perfectly aligned

about Trimless Acoustical Lighting

Making the Impossible Possible

Traditionally, acoustical ceiling panels are manually cut and require trimmed recessed fixtures to cover up jagged edges. Armstrong's factory-prepared, center-cut panels paired with USAI's snap-in mounting system provide for perfect lighting and ceiling integration every time.

TRADITIONAL OPTION for Acoustical Ceiling Panels

NEW Standardized Integrated Solutions
